# **‘THE LAST MILES’**

A MOTORCAR EXCURSION ON THE  
**GEORGIA NORTHEASTERN RAILROAD**

**Sunday, February 24, 2008**

**Canton to Elizabeth to Canton**

**44 Miles RT**

This will be a most special day for those of us that have ridden motorcar excursions on the Georgia Northeastern Railroad for over 15 years and for those that have not. I have often been asked to see if I could arrange for a motorcar excursion on this last section of track. This section of track has many grade crossings, which must be flagged, as well as carries most of their freight car tonnage. For this reason, this motorcar excursion will have several special requirements, we have not seen before. A lot of their tonnage is some serious grain trains and they often arrive with little notice. It takes several days for the GNRR to switch these loaded grain cars to their destinations and send the empty grain cars back to Elizabeth. Sometimes this ties up their mainline between Elizabeth and Canton to the extent that we would not be able to run an excursion. It is possible that our starting and ending point may be changed and you will be notified before the excursion. Unless cancelled, we will run, rain, shine, or snow. Brrrrrrrrrrrr

A very special thank you to Mike Pierce, Donnie Plumley and Jeff Knowles for allowing us on this very busy section of track.

**Requirements:** You must be a member of NARCOA, have NARCOA Insurance, and have passed the Rules Test. All cars will be inspected. All NARCOA rules will apply. No refunds after February 14, 2008 unless the excursion is cancelled. All operators and passengers must wear a Safety Vest/Shirt while on railroad property. A mobile VHF radio capable of receiving railroad frequencies is strongly encouraged. You must have at least one passenger that is capable and willing to flag many ‘group crossings’.
